ABOUT US

SML is not a sudden development, but well thought about venture of a thorough skilled Windmill expert - in all the gambit of the machine - right from sourcing land up to erection and maintenance of the turbine. Unlike others we have started this company after serving in many Windmill & Solar companies - putting in nearly 20 years of hardcore renewable energy experience.

Arul Balan, Director of SML Energy Renewables with a background in Renewable Energy profession for 21 years mainly in Wind and Solar. Arul's belief in the Economic and Environmental imperative of transitioning from fossil fuels to clean Energy through renewable sources led him to form an Infrastructure & Resources Company to facilitate Large-scale Wind projects and Solar mega projects and rooftop solutions right from early 2017, a passion which remains the same today.

OUR COMMITMENT

At SML Energy we aim to be a solution offering firm, capable of executing quality and valuable projects to our customers, society and the environment.

BUSINESS VERTICALS

- ⚡ Wind & Solar Farms Development - EPC & System Integration solutions including SWERA.
- ⚡ Commercial & Industrial - Power Market
- ⚡ Power Transmission & Distribution Projects
- ⚡ Solar Roof Top & Solar Pump Project
- ⚡ Infrastructure and Manpower Assignment
- ⚡ Consultancy services in the area of Government Relations related services to meet our customer requirements.

ENGINEERING, PROCUREMENT & CONSTRUCTION (EPC)

Total Design, Planning and Engineering and other Consultancy Services which fits together, and construction including Solar and Wind Energy resource assessment (SWERA) and Micro-Siting to explore Renewable Energy Resource and technologies used for Electricity generation with its best in class technology.

COMMERCIAL & INDUSTRIAL (C&I)

SML Energy provides consultancy services to Industrial & Commercial entities save energy costs and drive efficiencies for largest energy consumers through Captive, Group captive and Third-Party sale.
